

BUS REGULATIONS

- ❖ Considering the limited space in the bus to store luggage during our trips and convenience of all passengers, the following baggage allowance per person (including children) shall be strictly applicable:
 - **FOR ONE-DAY TRIPS:** One personal item like hand bag, purse or small backpack to carry on in the bus with a collective weight of 5 kilos maximum (3€ per extra kilo shall be charged). If the personal item cannot fit under the seats or in the racks above the seats and needs to be placed in the storage space under the bus, it shall be considered as excessive luggage and shall be charged 10€ per piece.
 - **FOR TRIPS WITH ONE OVERNIGHT STAY:**
Maximum 12 Kg pp in total which may include the following two items weighed together:
 - Maximum one personal item like hand bag, purse or small rucksack.
and / or
 - Maximum one cabin size luggage.

In case of a family or group bringing combined luggage and carry on rucksack/bag/purse etc, 12 kilos per person shall be the applicable criteria.
 - **FOR TRIPS WITH TWO OVERNIGHT STAY:**
Maximum 15 Kg pp in total which may include the following two items weighed together:
 - Maximum one personal item like hand bag, purse or small rucksack.
and / or
 - Maximum one cabin size luggage.

In case of a family or group bringing combined luggage and carry on rucksack/bag/purse etc, 15 kilos per person shall be the applicable criteria.
- ❖ The luggage of all passengers may pass through a weight control at the time of boarding the bus. Excessive weight shall be charged 5 Euro per extra kilo. The relevant amount shall be payable while boarding or the luggage may be refused.
- ❖ Foldable children's strollers or baby prams or foldable wheelchairs are not counted as part of the luggage allowance and may be checked-in for free.
- ❖ Sports equipments or musical instruments shall also be considered as luggage and normal luggage rules shall apply.
- ❖ Cycles may be allowed depending on the space so check with us in advance. Each cycle shall be charged 5 €.

- ❖ Please keep the bus clean all the time. There will be plastic bags hanging on the handles of seats on the aisle side for your garbage and there is a bigger garbage bin in the middle of the bus, so please throw all your litter in those bags. You may ask the drivers or the tour leaders if you need more garbage bags. **Do not leave dirty diapers in these plastic bags. Take & throw them out during the breaks.**
- ❖ Please do not use oily stuff which may damage the floor or seats of the bus.
- ❖ If your garbage bag is full or nearly full, remove it and take it with you out of the bus when you are leaving the bus during breaks or when you reach the destination and throw them in the bins outside. Our drivers can then replace new bags in the meantime.

- ❖ Since the septic-tank of the washroom on board has limited capacity and cannot be emptied just anywhere, please use the toilet only in case of emergency. If the septic-tank would go full, it would leave a stinky bus for everyone. We take breaks during the journey when you can go outside to the washrooms.
- ❖ Keep the WC tidy and clean, as you would expect others to leave it for you.
- ❖ DON'T throw anything except the toilet paper in the toilet. It may block the toilet for further usage for the whole of the journey and you shall be charged for damage by the drivers.

DAMAGE

- ❖ Avoid using the little pocket on the backside of the seats for heavy or sharp stuff. These pockets are meant to put newspapers or documents only.
- ❖ Note that any damage to any part of the bus shall be personally charged from you in consultation with the drivers and the bus company.

- ❖ Since the drivers not only fulfill their duty of just driving us from place to place but also do extra work of keeping the bus clean for us at all times, helping in our luggage storing, keeping the supplies for washroom, garbage bags and so on. They surely expect a little commendation from us. We recommend 1 euro per person as tip to the drivers. Of course you may give more if you want. The tour leader shall collect the tip from you during the return journey from a trip. We give 30 euro to each driver as a joint tip from you during the return journey so the extra amount if/when needed shall be added by us in the total.
